The author is greatly indebted to an Old Boy of the School, Philip Smith OBE, who attended the School between 1932 and 1938. He researched the lives and service history of those who lost their lives in this terrible war and produced a booklet on his research. The following is a list taken from that booklet which is still available as a separate publication.

*They shall not grow old, as we that are left grow old.*

*Age shall not weary them, nor the years condemn.*

*At the going down of the sun and in the morning*

*We will remember them.*
